

G889: CrossHITT Elliptical Trainer

- **Dual resistance system A + M2 (air + magnetic).** Opposes greater resistance to air, for the most demanding workouts
- High accuracy bearings. Long life for smooth and natural pedaling.
- Steel reinforced chassis 3mm thickness. Provides strength and durability.
- **Visual system with indicators for optimized the training.** Exists 3 colors depending on the requirement of the workout (Green, for comfort zone, yellow for an intermediate level and red for an advance and very demanding level). Very intuitive system helps the user to identify faster if is doing the training in his maximum performance.
- Handles non-absorbent and non-slip rubber. Allow a more comfortable exercise and security.
- **Poly-V belt drive system** to ensure silent exercise and minimal maintenance
- Ergonomic grip. Ensures a natural position of the arm and hand.
- Magnetic brake system which can generate up to 500 watts.
- Auto guided system allows to increase the stride speed without any risk. Lower guard bow to prevent derailments.
- **HIIT Training(High Intensity Interval training).** Allows to do these workouts to improve the user resistance and fat burn.
- Use of laser cutting technology. Ensures accuracy in cutting the tubes

G889: CrossHITT Elliptical Trainer

- Wireless pulse measurement: Chest Strap included.
- New motor and chassis design: more resistance, durable, stylish and ergonomic.
- Structure of high strength steel.
- Minimum distance between pedals for guarantee a perfect body position.
- Anti-slip footplates
- Natural elliptical movement. Perfectly simulating movement patterns of the exercise.
- Wheels for transport. Allows an easy and comfort transportation.
- Powerful fan for maximum comfort during exercise and telemetrically.
- Strength and speed adjustable intensity.
- Bottle holder. For a better hydration during the training.

Length: 158 cm / 62"
