

H895: Recumbent bike SK8950

- The recumbent bikes of SK Line have been designed for those users who look for extra comfort. *A design that combines comfort, elegance, simplicity, sturdiness and a premium finish.*
- *Great accessibility for all users.* The wide walk through between seat and pedals provides the users with freedom of movement and makes easier to sit down and exercise at the machine.
- *Smooth Fit.* Seat's sliding motion controlled by a reliable and precise mechanism. It regulates smoothly the distance between the seat and the monitor.
- The SK8950 offers *an ergonomic posture* for both beginner and advanced users.
- *Rear seat fairing.* Protection and stylish finish in a single component.
- Structure: Oval section steel tube ST52.
- Casing: Hard-wearing ABS plastic and easy to clean.
- *Double side handlebars, with integrated Quick Trail Controls* with Start, Stop and Level selection buttons, which allow a customized training experience.
- Transmission System: *PK belt drive assures performance* that is smooth, quiet, and low maintenance.
- *HR monitoring:* Contact pulse sensors at side handlebars and integrated Polar wireless receiver.
- *Heavy Duty bearings.*
- *Electromagnetic brake system with generator.* Maximum reliability and precision. No need for electric mains except for the monitor.
- *Ergonomic seat with constant back support.*
- *New crank set design.* The new crank design of the SK Line bikes includes a reinforced steel cased structure with a flat, wider and aerodynamic design. This ensures more stability and security during the exercise.
- *Programs:* Manual, 8 preset profiles with 4 intensity levels each, User Program, Fitness Test for Men and Women, Watts Program and HRC Program (for a constant heart rate control).
- *On-screen info:* time, distance, speed, rpm, pulse, calories, watts, level and program profile.
- 20 resistance levels.
- Specifications:
 - Power: 500 watts
 - Height: 57"/147cm
 - Width: 22"/57cm
 - Length: 52"/132cm
 - Weight: 170lbs/77kgs.
 - Max. user weight: 419lbs/190 kgs.

H895: Recumbent bike SK8950

● Two monitor option:

1 **Smart Focus Monitor TFT capacitive Touch Screen of 16 "HD**, besides of showing the evolution and training information (Speed, Time / Distance (km) Calories / Incline, Pulsation in watts, resistance, pulse, etc.), allows full connectivity to social networks, internet, television and applications thanks to the FitFeel interface that provides the fastest touchscreen technology of the market. With Smart Focus you can also customize the monitor, interact with users and customize workouts thanks to its Log in system for each user where they can save all the information of their workouts.

- USB port.
- Smartphones and iPods compatibility.
- Bluetooth Connectivity.
- CSAFE port.

2 **LED Monitor: DOT MATRIX screen with top LED window** that graphically displays the progress of the exercise. The bottom alphanumeric display gives the user instructions before and during the exercise. The 4 LED windows at the very bottom simultaneously show information for Speed, Time/Distance, Calories/Tilt and Pulse rate.
